NISSAN

TOWNSTAR

As forward thinking as your business

We know that for business owners and entrepreneurs like you, profit isn't the only measure of success. Passion, pride and sustainability in everything you do is equally important. So isn't it time you got an electric van that gets you? Introducing the Nissan Townstar – a 100% electric van that's as forward-thinking as your business.

The difference is in the details

ALL IN A DAY'S WORK

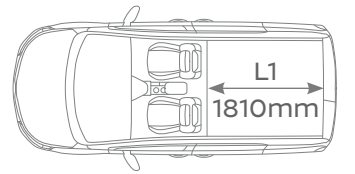

With running costs that are a fraction of those of an equivalent combustion vehicle, Nissan Townstar electric makes great sense as a compact van for your business. Its impressive, combined range of up to 178 miles[1] handles even the longest days while its zero-emissions driving powertrain grants you access to all areas of the city.

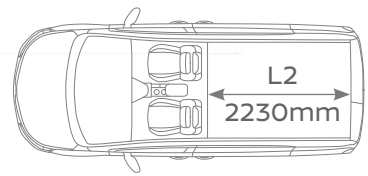

LOWER YOUR COSTS

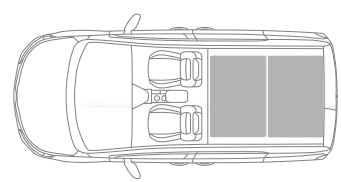

With an impressive range and efficient energy tariffs available, you will be equally impressed by the low running costs.

Loading length:

x2 Euro-pallets

[1] Range figures are obtained from laboratory testing in accordance with EU legislation and are intended for comparison between the different types of vehicles. The information does not refer to a particular individual vehicle and does not constitute part of the offer.
The figures may not reflect real driving results. Starting charge of battery, optional equipment, maintenance, driving behavior and non-technical factors like weather conditions may affect the official results. Figures were determined under the new Worldwide harmonized Light Vehicles Test Procedure (WLTP) test cycle.

AN OFFICE ON WHEELS

When your business requires you to be on the road, but never away from the office. Nissan Townstar has you covered with its advanced connected cabin and innovative storage for files and paperwork.

TAKE YOUR SEAT

Depending on your business needs, you can choose between one or two[2] passenger seats next to the driver seat.

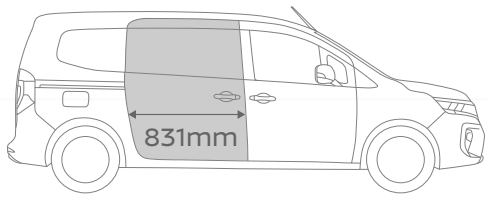

2 seats 3 seats

L2 SLIDING DOOR

With its extra-large sliding door, Townstar L2 allows you load a euro pallet directly through the sliding side door.

EYES ALL ROUND

Move with confidence, even in tight spaces. Intelligent Around View Monitor gives you a 360° Birds Eye View[2] when manoeuvring at low speed, for stress-free parking and all-round confidence.

[2] Features available depending on version, as standard or only as option (at an extra charge).

Intelligent, intuitive, connected

The 8" touchscreen[1] in the Nissan Townstar is your portal to NissanConnect: through intuitive navigation, advanced technology and more. Our smartphone App offers a growing range of services including door-to-door navigation. When inside your car[2], connect your phone to start using your preferred Apps thanks to Apple CarPlay®[3] and Android Auto™[3]. And wherever you are[4], it keeps you informed about the status of your van. You're all set for your daily business.

NAVIGATION[1]
Find your way effortlessly with advanced navigation, featuring: 3D view, speed limit guidance, junction view, real-time traffic information and continued navigation even without a GPS signal, thanks to the systems internal gyroscope.

E-CALL
In case of any emergency, E-call can be set to automatically or manually at the touch of a button, make a call to emergency services. The system is triggered if a collision is detected by your vehicle's sensors.

NISSANCONNECT SERVICES APP[1]
The NissanConnect Services App[1] redefines your relationship with your Townstar by allowing you to connect with your smartphone, e.g., find out where it's parked, check driving history and even control the cabin temperature remotely[1].

Scan the code to download now the NissanConnect Services app and connect it to your New Nissan.

[1] Features available depending on version, as standard or only as option (at an extra charge).

[2] Connecting a mobile phone to use NissanConnect should only be done when the car is parked safely. Use of the system should always be in accordance with the rules of The Highway Code. Drivers should only use the system when it is safe to do so. Users should be aware of the potential for hands-free technology to distract attention from the road, which could impact on having full control of the vehicle.

[3] Apple CarPlay® and Android Auto™ are available free of charge, depending on model and/or grade.

[4] To use the NissanConnect services you need a NissanConnect user account and have to register and log in to NissanConnect with your username and password. To use the free NissanConnect App, you need a smartphone with a compatible iOS or Android operating system and a SIM card with data option with an existing or separate mobile phone contract between you and your mobile service provider. All services are subject to mobile network coverage. The use of NissanConnect on-board internet is made possible via an integrated wireless internet connection. Data packets are to be obtained via selected external mobile communication providers in accordance with their terms and conditions (depending on the availability in your country).

For more information, please visit www.nissan.co.uk/owners/nissan-ownership/nissan-connect-services-apps.html or contact your nearest Nissan dealer at www.nissan.co.uk/dealer-locator.html. The feature responsiveness and use can be impacted when car is receiving a bad signal. For optimal use, please make sure your car is under good network coverage.

TOWNSTAR

TOWNSTAR

The power to make a difference

Confident performance, impressive efficiency, and dimensions that fit in more ways than one. Discover two efficient powertrains, versatile space and just the right proportions for navigating those city streets with ease.

100% ELECTRIC TOWNSTAR

Cleaner, quieter and economical, with up to 178 miles range[1]. The 100% Electric Nissan Townstar is powered by a 45Kwh battery connected to a 122hp/245Nm electric motor[2]. The traction battery is equipped with a heat pump and liquid cooling to bring cabin comfort whilst providing optimal efficiency for greater autonomy and charging.

PETROL ENGINE

With confident acceleration and enough performance to handle steep hills even when fully loaded, Nissan Townstar's efficient petrol engine has your back all the way. Enjoy 130PS of power and combined fuel consumption of up to 41.4 MPG and CO_2 emissions from 155g/km on a combined cycle, thanks to the driving ECO mode delivering optimum efficiency.

[1] Range figures are obtained from laboratory testing in accordance with EU legislation and are intended for comparison between the different types of vehicles. The information does not refer to a particular individual vehicle and does not constitute part of the offer. Figures shown are for comparability purposes; only compare figures with vehicles tested to the same technical procedures. The electric range of 178 miles WLTP combined is available on L1 Acenta grade. Figures obtained after the battery was fully charged. Actual real world driving results may vary depending on factors such as the starting charge of the battery, accessories fitted after registration, weather conditions, driving styles and vehicle load.

[2] WLTP figures shown are for comparability purposes only. Actual real-world driving results may vary depending on factors including factory options, accessories fitted after registration, maintenance, weather conditions, driving styles and vehicle load. Nissan expressly reserves the right to modify at any time.

Technology that's got your back

Park with confidence. Nissan Townstar's Intelligent Around View Monitor[1] gives you a 360° view of your vehicle, with selectable focus on front, kerbside or rear views. The four cameras work in conjunction with the parking sensors to give you both audible and visual guidance for peace-of-mind in those tighter spaces.

BLIND SPOT WARNING & INTERVENTION[1]
Technology that detects vehicles in your blind spot area with an audio and visual alert while applying slight braking force to help return the vehicle to its original lane.

TRAFFIC SIGN RECOGNITION[1]
The system notifies the driver when a speed limit sign or other traffic sign is detected, keeping the driver informed of speed limit changes and other important road information.

INTELLIGENT FORWARD COLLISION WARNING[1]
Keeps an eye on the vehicle in front of you. When the system detects a sudden deceleration ahead, it gives you an audible and visual warning to slow down.

INTELLIGENT EMERGENCY BRAKING[1]
Monitors the front surrounding area for vehicles, cyclists and pedestrians, helping to avoid or reduce damage caused by collisions.

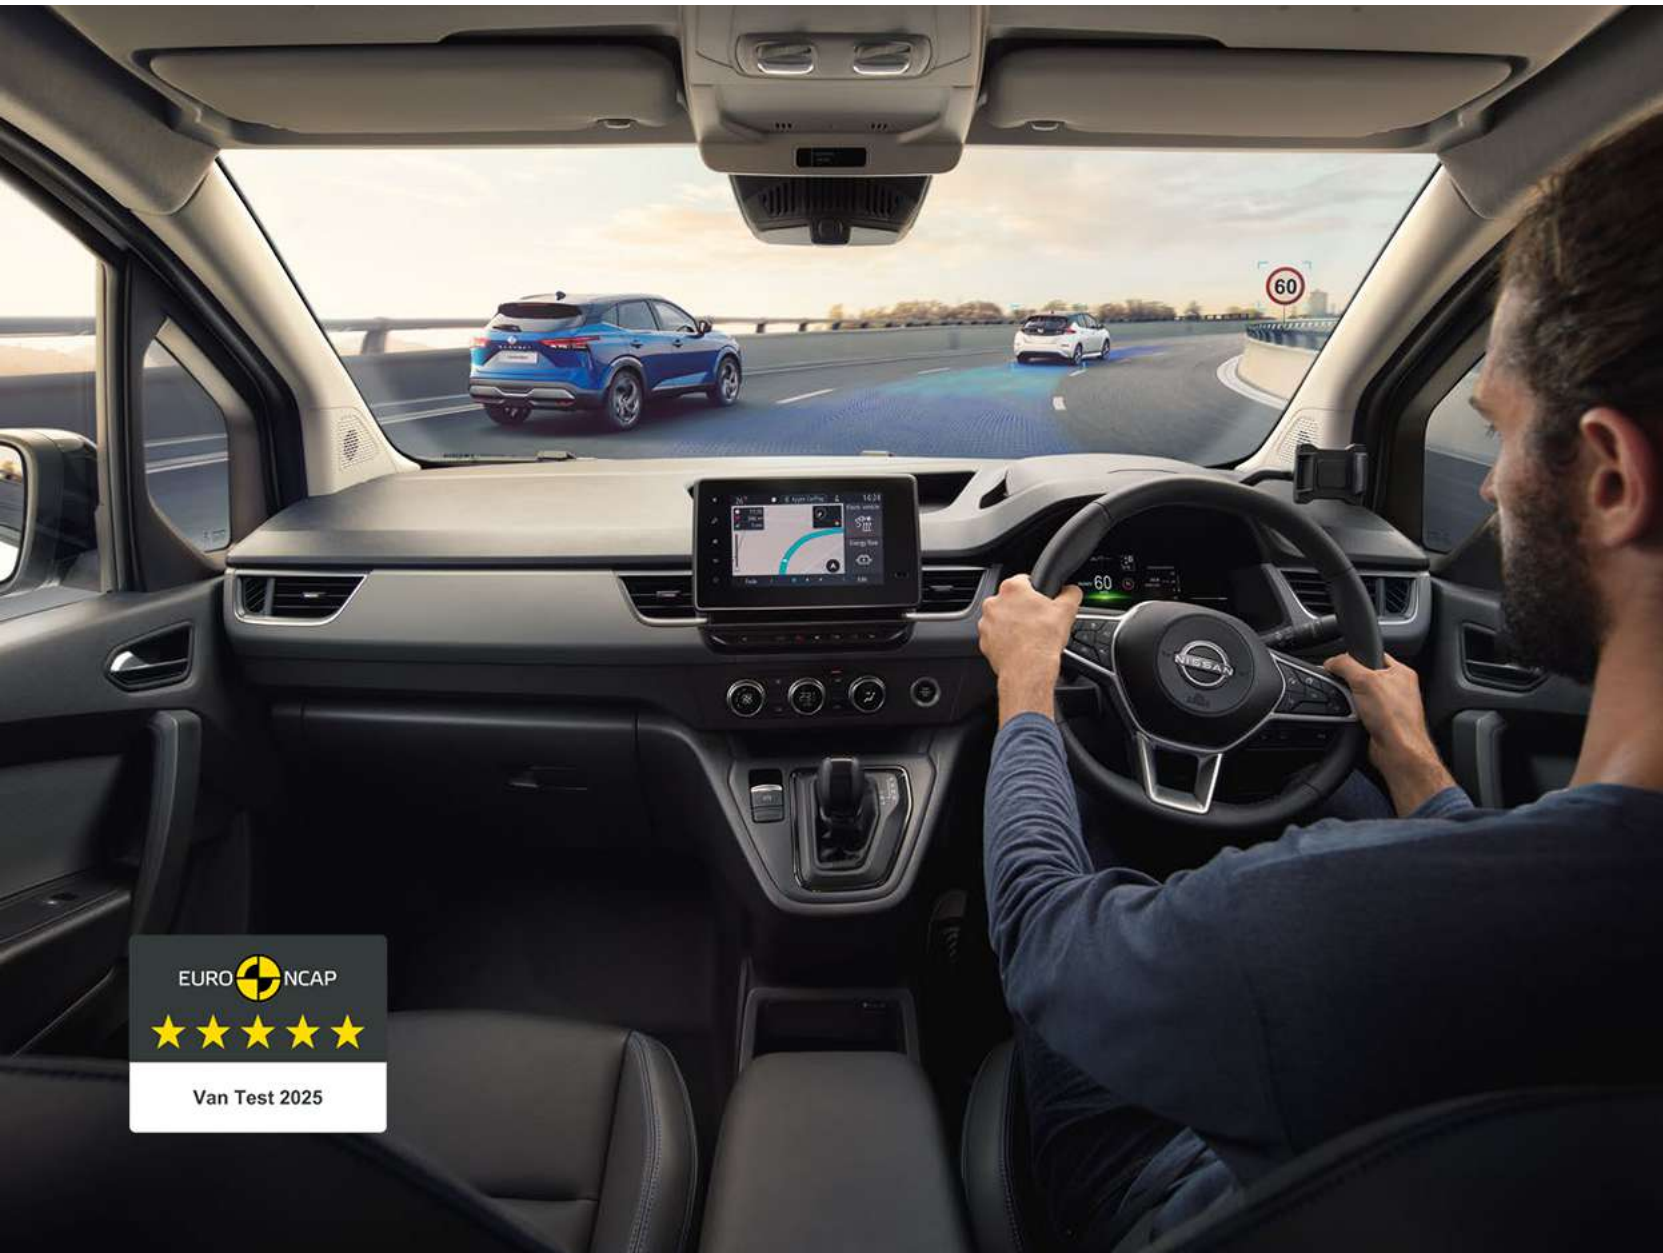

[1] Features available depending on version, as standard or only as option (at an extra charge).

Looking out for you

Like an extra pair of eyes on the road, Nissan Townstar is equipped with advanced safety technologies keeping you safe for maximum peace of mind. You just drive the way you always drive, but reassured in knowing that the All-New Nissan Townstar is ready to help with braking, steering or accelerating to keep you safe, on track and in control when it counts.

Take care of the details

Every business has its own specific requirements.
With Genuine Nissan Accessories you can customise the Nissan Townstar to match your needs and extend its possibilities.

WLTP range figures shown are for comparability purposes only. Actual real-world driving results may vary depending on factors including the starting charge of the battery (if applicable), factory options, accessories fitted after registration, maintenance, weather conditions, driving styles and vehicle load. The information does not refer to a particular individual vehicle and does not constitute part of the offer. Nissan expressly reserves the right to modify at any time.

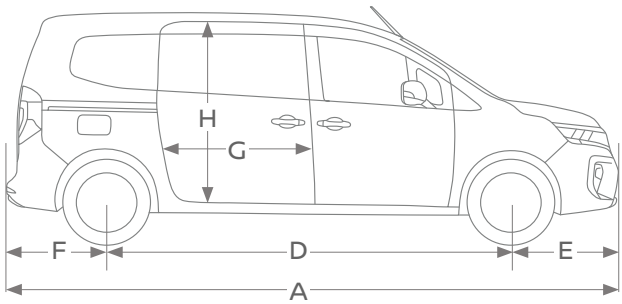

VAN L1

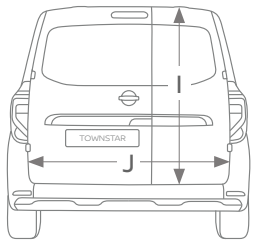

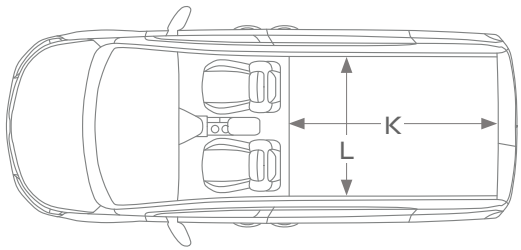

VAN L2

EV BATTERY CHARGING TIME (APPROXIMATELY)

DOMESTIC CHARGING (10-100%)

Domestic socket 2.3 kW with mode 2 cable		23h
Domestic Wallbox 7.3 kW with mode 3 cable		6h20min

PUBLIC CHARGING (15-80%)

AC 11kW with mode 3 cable		2h40min
AC 22kW with mode 3 cable		1h30min
DC 80kW rapid charger		37min

Figures quoted are for 45Kwh battery. Charging speed and time is dependent on various conditions, including charger type and condition, battery temperature as well as ambient temperature at the point of use. In cold climates, the use of on-board battery heating may be required to specifically improve quick charging speeds. Indicated quick charging time requires use of a CCS 2 charger. The Nissan Townstar is equipped with charging safeguards to protect the battery during repeated quick charging sessions in a short period of time. The time taken for successive quick charging can take longer if the battery temperature activates the battery safeguarding technology.

[1] For specific weights at version level, please contact your local Nissan dealer. [2] Payload is calculated as the difference between gross vehicle weight (GVW) and kerb weight. It includes the drivers weight. [3] Kerb weight is affected by factors such as body styles and options. Kerb weight includes fluids and fuel tank 90% full and excludes the driver (75kg). The weight figures in the table are related to a standard-specification vehicle according to type approval data. Any additional options specified on the vehicle will increase its kerb weight and reduce its payload accordingly. All weight figures are subject to 5% manufacturing tolerances.

NISSAN LCV 5 YEAR MANUFACTURER WARRANTY

NISSAN now offers a standard 5 Year Pan-European Manufacturer Warranty on its whole LCV range*. This is much more than just a warranty as it includes:

5 YEAR NISSAN WARRANTY

- 5 Year or 100,000 miles bumper-to-bumper protection
- 5 Year NISSAN Genuine Parts & Accessories Warranty
- 5 Year Roadside Assistance
- Fully transferable

And with service intervals at 2 years or 18,000 miles (Petrol) and 2 years or 24,000 miles (Electric), whichever is sooner, you'll not only have 5 years of peace of mind but also low running costs.

BATTERY WARRANTY

8 YEAR WARRANTY BATTERY CAPACITY

Townstar's battery is covered for 8 years or 100,000 miles. Nissan guarantee the Li-ion battery capacity to be over 70% for 8 years or 100,000 miles. Should the capacity fall below 70% within that coverage period Nissan will replace or repair to return to over 70%.

AT NISSAN, YOU BRING OUT THE BEST IN US.

You spark our imagination. You provoke our ingenuity. You inspire us to change the rules and innovate. And at Nissan, innovation is not just about additions and extensions; it's about crossing the line to reinvent the status quo. It's about developing unexpected solutions to satisfy your wildest and most pragmatic desires. At Nissan, we design vehicles, accessories and services that break the mould - making the practical exciting and the exciting practical to offer you a more exhilarating driving experience everyday.

**5 Year / 100,000 miles (whatever comes first) Manufacturer Warranty for the LCV range*
Unlimited mileage for Nissan Genuine Parts & Accessories, Roadside Assistance.
For more details, please refer to Nissan Warranty Booklet.

CUSTOMER SERVICES

SPECIALISED LCV NETWORK

Nissan provides a specialised network of LCV Van centres to support your specific commercial vehicle requirements:

- Pan-European coverage
- Dedicated LCV Sales & Aftersales staff
- Competitive financing solutions
- Tailor made conversion offers
- Competitive extended warranty offers to go even beyond Nissan LCV 5 Year Warranty
- Test drive your choice

AFTERSALES SERVICES

If your car breaks down, it's inconvenient. If your van breaks down, it's a serious blow to your business. Even time allowed for servicing is downtime, when your van isn't earning its keep. At Nissan, we understand these hard business facts. So we do the best to ensure that your van stays where it belongs – working for you, on the road.

NISSAN SERVICE CONTRACTS AND EXTENDED WARRANTY

For total peace of mind and budget control, you can subscribe to a Nissan Service Contract which will cover your periodic maintenance and Wear & Tear parts for the mileage and period that suits your business best. This way, you can ensure that your All-New Nissan Townstar is serviced by dedicated Nissan technicians. And for even more serenity, you can get and Extended Warranty to cover possible mechanical and electrical breakdown after the end of your All-New Nissan Townstar warranty.

5-YEAR ROADSIDE ASSISTANCE

- Pan-European coverage for breakdowns, accidents, non-warrantable incidents (such as flat tyres, lost keys, wrong fuel...)
- 24/7, 365 days
- Emergency Call Centre
- Prompt roadside assistance

If this is not possible and your vehicle is still immobilised after a few hours, we will make sure you are provided with a courtesy vehicle as soon as possible or if necessary, overnight accommodation and travel to your onward destination or back to your base. We will also recover your immobilised vehicle.
